Did you attach the version that I sent to you? If so, I just need to send this through Becky one more time.

Michael – Can I get the web page up and running yet?

Let me know.

I forgot to say in my earlier message that OPA editors always write ground water as two words.

Thanks.

Michael – Attached is the edited version of the Allied web page.

Please check out my explanation of “encapsulation containment system” and let me know if you have any changes.

Once I make your change I’ll send this back to you as final and will then share with the r5websupport .

Thanks.

And I really like the mustard – has a nice tang to it!
